**GFRC Rockwork**

We are pleased to state that L.F. Sam (H.K.) Ltd. was appointed as our ornamentation contractor for the landscaping work on Architectural Services Department slope, Feature No. 11SW-A/CR76, South of 102-106 Queen's Road West, Sheung Wan.

Their works were to enhance de-stressed rock anchor concrete pads by encasing them with GFRC rockworks. Throughout the project, they conducted themselves professionally, completed the works on time and to the satisfaction of the Civil Engineering Department (Employer), Fugro (H.K.) Ltd. (Engineer) and ACLA (Landscape Architect).

We would not hesitate in recommending L.F. Sam (H.K.) Ltd. to others or working with them again.

Yours faithfully,  
For Enpack (H.K.) Limited.
