To Whom It May Concern:

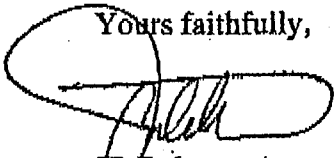

This is to confirm that Meser. L.F. Sam (HK) Ltd. was appointed as the specialist sub-contractor whom worked on the Rainforest Café located at Festival Walk, Kowloon Tong. The scope of works conducted by L.F. Sam included the GFRC rockworks, GFRC Banyan Tree (both inside and outside the café), the rain wall, the fogging system, the Temple Stones and the E & M works associated with the main waterfall.

Despite a shorter working program than normally associated with this type of works in the U.S.A., we are pleased to advise that L.F. Sam completed their tasks on schedule and is given a very satisfactory mark for their works.

During the construction period, L.F. Sam conducted themselves professionally in terms of project management, which included on and off the site co-ordinations, site preparation, supervision of workers, record keeping etc.

All in all, L.F. Sam completed their assignments in collaborations with the designer and the main contractor, and conducted themselves professionally. We have no reservation to recommend them to jobs of similar nature or magnitude.

Yours faithfully,

J.R. Robertson
